

2024 ALCEDO

ALCEDO

Alcedo meticulously designs urban skates tailored for the modern city skater. Our choice of materials, hardware, and color palette is deliberate, resulting in skates that are not only a joy to ride but also a work of art to behold.

At Alcedo, we are genuine and passionate about skating. We embrace transparent communication to express our deep connection with the sport, aiming to foster a community built on warmth and inclusivity.

ALCEDO

The **ALCEDO ONE90** elevates your skating experience, offering exceptional performance on both rough and smooth terrain with top-quality materials and outstanding power transfer.

The ONE90 features a sturdy yet comfortable cuff crafted from strengthened glass fiber-infused plastic, providing unwavering support and paired with an inner liner made from high-density memory foam for optimal comfort and efficient power transfer to the frame, enhancing precision in every move. Equipped with 90mm wheels for lasting performance across various specialties and complemented by ABEC-7 bearings with precision-engineered aluminum spacers, the ONE90 ensures a smooth, precise experience.

This **Alcedo** boot features strategically placed ventilation holes at the bottom of the shell for improved breathability and enhanced comfort. Paired with an integrated aluminum block, it offers unparalleled stability during frame assembly and efficient power transfers.

The orange shock absorber located in the heel area offers superior cushioning and impact protection. This unique feature ensures that skaters experience a blend of comfort and safety while enjoying their time on skates.

The cuff introduces a patented serrated section that greatly improves skater stability. This innovative design enables customizable protection and comfort by allowing vertical adjustment of the cuffs.

The memory buckle is equipped with a unique design that simplifies the process of putting on and taking off the skate. This user-friendly feature guarantees a seamless experience, providing enhanced convenience and skater satisfaction.
